REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Fitzwilliam:

I herewith submit my report as superintendent of schools. The present enrollment by schools and grades is as follows:

Schools.	Grades.								Total.
	I	II	III	IV	V	VI	VII	VIII	
Village Grammar					10	5	1	7	23
Village Primary	10	11	0	12					33
Columbian Grammar					10	4	5	6	25
Columbian Primary	24	13	10	4					51
Number One	4	3	0	3	0	0	1	0	11
Number Ten	2	1	0	7	0	4	0	2	16
Total	40	28	10	26	20	13	7	15	159

The Columbian primary school is overcrowded and we may expect no improvement of conditions for next year, as there are but four in the fourth grade, which will be promoted out of the room, and the entering class will, no doubt, be much larger than that—ten entered last September—and I presume that many of the fourteen who were left in the first grade last year had been in school less than a year. While the total number last year was practically the same as now, there were twelve in the fourth grade who were promoted to the grammar school at the end of the year. From the age of the third and fourth grades, which averages about nine years, we may conclude that no gain in time is resulting from admitting pupils before they

are six, and the advantage which the few pupils, who enter in the spring, gain is more than counterbalanced by the amount of attention which they require from the teacher to the detriment of those in the other classes. This is true in all the schools, although not to the same extent as in this one.

If the increase in numbers continues, additional room must be provided, or this school put on half time; that is, the first and second grades come for three hours in the morning, and the third and fourth for the same length of time in the afternoon. This has been tried for primary grades and good results obtained.

Our results in reading with the Aldine system have been very satisfactory. This system commends itself for its simplicity and freedom from the elaborate devices which make some systems of value only when taught by a teacher who has been trained under them. The Aldine system offers no difficulty to an inexperienced teacher and its success under all conditions has been remarkable.

We have improved the ventilation of the schoolrooms by putting in window-boards which allow the air to come in freely without danger of its blowing on the children. We need more adjustable seats and desks, particularly in rooms where nearly every seat is in use and there is little chance to find a seat to fit the child.

Under the provisions of the 1909 law we receive $2 a week from the state for each qualified teacher in our employ. Qualified teachers are those who have state certificates, or are graduates of approved normal schools. We now have three normal graduates among our teachers at no increased cost to the district, and if this payment from the state is used on teachers' salaries, we ought to be able to retain the teachers whose value to us warrants their receiving an increased salary.

Good progress has been made this year although we had five new teachers. Some time is always lost when a change of teachers is made, for it takes time for teachers and pupils to get to working well together.

There have been no interruptions in school work except in one school and all the time lost has now been made up.

I present with this report that of the supervisor of music.

Respectfully submitted,

JAMES M. PRINGLE,
Superintendent of Schools.

East Jaffrey, N. H., Feb. 21, 1910.

REPORT OF THE SUPERVISOR OF MUSIC.

To the Superintendent of Schools:

During the first fifteen weeks of the school year, a weekly lesson was given in each school by the supervisor of music. The work in the lower grades consisted of role songs, scale and interval drill, work in the First Reader, and the children received instruction in the different key and time signatures. In No. 10, two-part music was taken, in the Reader.

The grammar schools had some written work, sight singing tests, and three-part music for unchanged voices, also for two unchanged voices and bass.

During the winter the supervisor's visits have been discontinued, but the music has been carried on by the teachers in the various schools, along the lines on which the work was commenced at the beginning of the school year.

Respectfully submitted,

MABEL PARK,
Supervisor of Music.

Canton, Mass., Feb. 15, 1910.
